LUMBER CONCERN
IN BANKRUPTCY

Savannah, Ga., June 4.—The Great Eastern Lumber company, with capital of a million dollars, went into the hands of a receiver today. Action was based on a petition of the Union Trust company of Detroit, which holds nearly a million dollars of the concern's bonds.

Officers of the lumber company claim it is solvent, but unable to obtain working capital.

MRS. PENNYBACKER
GIVES INTERVIEW

Chicago—That woman suffrage still is an open question and women's fashions at present are immodest but comfortable were statements here today by Mrs. Percy V. Pennybacker, of Austin, Texas, president of the general federation of women's clubs. Mrs. Pennybacker arrived yesterday to prepare for the biennial convention of the federation which opens here June the 15th.

"As to woman suffrage," she said, "that remains an open question. Personally I approve of it because I think the highest type of woman is interested in politics and every thing that is vital in life."

"A side from the extreme low back and the slavish following of Parisian styles, which are to be condemned, I think the present fashions are enjoyable," said Mrs. Pennybacker. The freedom which women now have about the chest and waist which allows of deep breathing and comfort is to be praised."

Suffrage and fashions probably will be two of the most interesting topics before the federation, said Mrs. Pennybacker.

Free sale of cotton will be given away in Humberg's Clearance Sale.

Houston County to
Have Four Delegates

H. R. McClintock, a member of the local bar and a well known Sunday School worker, has returned from Birmingham where he attended the meeting of the Executive Committee of the Republican party of Alabama. Mr. McClintock reached Dothan last night. He said that about 50 were in attendance at the meeting.

Charles E. Roland, the commit. man from this county, is still in Birmingham, but will return in a few days.

Mr. McClintock says that Houston county will be entitled to four delegates to the State Convention of the Republican party which will be held in Birmingham, July 22.

PLANS COMPLETE
FOR THE WILLIARD
ROOSEVELT WEDDING

Madrid, Spain, June 4.—Plans for the marriage of Kermit Roosevelt and Miss Belle Williard, daughter of United States Ambassador Williard, are complete. There will be two ceremonies to conform to the Spanish law. Civil ceremony by a magistrate on June 10th, and religious ceremony by Pastor Watson of the American Episcopal church of Paris the next day.

The king and queen are guests of the American embassy tonight in honor of the bridal pair.

COMMITTEE DECLARES
CLARK IS NOMINATED

Pine Bluff, Ark., June 4.—The State Democratic Committee today declared United States Senator Clark is nominated to succeed himself over William Kirby, who was contesting the nomination.

LENSES THAT
ALWAYS FIT

Such You are Sure to Get When You Let Dr. Masrow Serve You.

No refractionist in Southeast Alabama has ever made greater strides in the upbuilding of a practice than has Dr. Masrow. In a few months he has treated hundreds of cases of eye troubles, with his special prescription and has found scores of people wearing glasses that do not suit and some wearing glasses who should never have put them on. These latter have simply mistaken their trouble, thinking their headaches arose from eye strain. Dr. Masrow has advised some to leave off using glasses.

Those who are wearing glasses that do not suit are in many cases injuring their eyes. They should discontinue the use of ill fitting lenses at once. Dr. Masrow makes a specialty of correcting mistakes. If your glasses are not comfortable let him examine your eyes and see what is the matter.

Dr. Masrow can be seen every Thursday, Friday and Saturday at 111 East Main street over the Cash Drug Store.

DOTHAN BOY WINS MEDAL
AT SOUTHERN UNIVERSITY

Howard Baxley, one of Dothan's brightest boys who is attending the Southern University at Greensboro, has just won two medals for oratory. One of the medals was offered by the Greensboro Chapter U. D. C., and there was one other contestant for this medal. The other is the medal offered by the college each year for the best orator, and Howard won this also, and over three other contestants.

Howard is a son of Mr. and Mrs. Jephthah Baxley of this city and has a great many friends throughout this section who will be glad to hear of his honors.

CARRANZA AND
AND VILLA RE-
PORTED ENTRANGED

Juarez, Mexico, June 4.—The reported estrangement between General Villa and Carranza is confirmed in dispatches from Durango today giving details of the reorganization of the rebel army. Carranza has appointed General Panfilo Natera to command the army of the Central Zone, making him Villa's superior in the campaign against Mexico City.

Villa's friends say he will acquiesce, but are bitter against Carranza for yielding to the influence of Villa's jealous rivals. Villa's opposition to Carranza's truculent attitude toward the United States had its influence.

Villa cancelled an engagement to come here a few days ago, and it is reported he was afraid to get too far from his troops, lest he be eliminated altogether. Rebel soldiers are said to be ready to mutiny in Villa's favor if he gives the word. Carranza left Durango today for Saltillo where he will set up government.

UNVEIL MONUMENT
TO CONFEDERATES

Washington, June 4.—Headed by the Confederate Veteran Command-in-Chief Young, and Washington Gardner, Commander in Chief of the G. A. R. and hundreds of confederate and union veterans this afternoon attended the unveiling of Sir Moses Ezekiel's monument to the Confederate Veterans.

President Wilson will accept the statue on behalf of the United States. Mrs. Daisy Stevens, president General of the Daughters of the Confederacy delivered the presentation address.

MAN AND WOMAN ARRESTED

Tom Adkins and Bobby Adkins, who resided about three miles below Cottonwood, were arrested yesterday by Deputy Sheriff Henry Nichols, who turned the prisoners over to Sheriff Howell Brown of Geneva. They were taken to Geneva County.

NEW INCORPORATION

The Dothan Real Estate and Loan Company has filed incorporation papers at the probate office, the authorized capital stock being \$2,000 of which \$1,500 is paid in. The incorporators are Mrs. A. C. Fuller, Mrs. A. O. Fuller and Mack A. Fuller.

MULKEY ASKS CHAIRMAN
RAINER TO CALL COMMITTEE
TOGETHER AGAIN

Want Them to Reconsider Action Which Were Not in Accordance With the Law. Will Carry His Case Before the People of 3rd District.

Hon. W. O. Mulkey, of Geneva, has sent the following letter to Chairman Rainer of Union Springs, Geneva, Ala., June 3, 1914. Mr. S. P. Rainer, Chairman, Union Springs, Ala.

Dear Sir: While I was out of the State last week the Committee of which you are chairman, or a portion of them, met at Montgomery upon very short notice and went through the form of naming for the people of the Third District, the Congressman to succeed Judge Clayton. I was informed of the proceeding just in time to get a telegram to you protesting against a nomination by the Committee and stating that the Committee had no authority thus to act and informing you that I would be a candidate and asking that a primary be ordered. The Committee decided otherwise, and assumed to itself the authority to act in this matter for the democracy of the Third District. I do not charge bad faith on the part of the Committee, but in my own judgment they exceeded their authority in this matter. I am further of the opinion that if the committee becomes convinced that it had no authority, that it will rectify its conduct. The legislature of 1911 (Acts 1911, page 421) passed a law to regulate primary elections in the state of Alabama. The purpose of this law was to give the people of each party the right in a primary election to name all state, county and federal officers. Section Four so provides. The law provided for a committee of each party and authorized such committee to make rules and regulations for the government of the primary, not inconsistent with the law. There is but one section of this law which confers upon the committee the right to nominate, and that is section 43 as follows: "The State executive committee in cases of state officers and the executive committee of any political subdivision of the State or other governing body, as the case may be, where vacancies may occur in any nomination, either by death, resignation, revocation or otherwise, shall have authority to fill such vacancies either by action of the committee itself, or by such other methods as such committee or governing body may see fit to adopt." If there had been a nomination for the short term, or for Mr. Clayton's unexpired term, and if the nominee had resigned or died, then the committee would have had the authority to name the nominee under this section. But no such contingency had arisen, and of course there had been no nomination. The committee had the same authority in the first place to nominate a candidate for the long term as an original proposition as it had to nominate for the short term. The difference is one merely in degree and not in principle. If this committee has the right to nominate in this case, the State Executive Committee would have had the right, as an original proposition, to have named for the people of Alabama, the next governor, or short term United States Senator, or as for that matter the long term Senator.

No one would ever suppose that

MULKEY TO MAKE
RACE FOR SHORT
TERM IN CONGRESS

Prominent Geneva Lawyer Questions Right of Committee to Nominate Speight, and Has Entered Actively into a Campaign.

Hon. W. O. Mulkey, the prominent Geneva lawyer, has announced that he would make the race for the short term of Congress to succeed Henry Clayton who recently resigned. Mr. Mulkey wired the committee when it met in Montgomery, citing the law which would tend to show that the committee had no right to name a man for the place without calling on the people of this district to settle it, and his fighting ground will be along that line.

The committee named J. J. Speight, former secretary of Mr. Clayton's as the nominee and handled the matter as if that settled it, and no one else could enter. It was an uncommon procedure and the voters naturally felt as if they had not been considered at all in the matter.

Mr. Mulkey will enter the race with a strong backing from the wiregrass.

The first fifty ladies entering Humberg's Clearance Sale Friday and Saturday morning at 8 o'clock, each day, will be given a pretty 50c case free upon making a \$1 purchase.

Skinner testified that he never knew what became of the eleven million mulcted from the New Haven by the Westchester purchase. He declared Morgan never tried to dominate the New Haven. Meffen was the leading factor.

Ledyard then took the stand. He refuted many of Meffen's statements.

Free sale of cotton will be given away in Humberg's Clearance Sale.

such right rested with the committee.

It is a familiar principle of law that the expression of one thing or conferring of one right, is the exclusion of others. This law having conferred upon the committee the right in one instance to name the nominee, excludes the idea that it would have the right in any other case. In other words the committee had no authority, except such as may be conferred upon it by the statute.

Such course would lead to such condition in our political system as would call for political revolution. The people are the masters, and have the unquestionable right to decide for whom they shall vote.

I make an appeal to you to call the committee together that it rescind the void action taken, and that the people of this District may have a right untrammelled to name the person to represent them in Congress. This is a simple request, and one not only in keeping with the spirit and letter of the law, but one which will meet the approbation of a proud democracy and the will of a sovereign people. If this is not done, I shall appeal my case to the Democrats for vindication, not of myself, but of their own rights.

Yours truly,
W. O. MULKEY

INDEPENDENCE IS
COMING FOR THE
FILLIPINOS

Washington, June 4.—The Philippine bill to be introduced by Representative Jones of Virginia, provides territorial government for the islands. The bill will give them an elective senate and house of native islanders with the governor general retaining veto power.

Semi-civilized tribes will be disfranchised. No definite date is provided for complete independence. The new elective laws are regarded as a test of the Philippines capacity for self-government. The bill will probably pass this afternoon.

CONTRACTOR
REACHES DOTHAN

Hyrd G. Farmer Will Make Talk at Fair Grounds This Afternoon at Five O'Clock.

With about thirty negro laborers, mules, road scrapes and other paraphernalia J. J. Donovan, of Brockton, who has the contract for grading the race track at the fair grounds, arrived this morning. Contractor Donovan camped about five miles from the city last night, reaching the fair grounds early today.

In honor of the occasion, a ceremonial will be held at the grounds this afternoon at 5 o'clock, to be attended by officers, directors and members of the Southeast Alabama Fair Association, and all others who will attend.

The officers of the association hope that the public will witness the ceremonies this afternoon, at which time the oration in honor of breaking the first dirt for the first annual fair to be held this fall, will be made by Hon. Hyrd G. Farmer.

TIME IS MONEY—
AND HAPPINESS

A stranger once told an Ozark resident that bags of good bread would get ready for market much quicker than do the native rascals. After thinking the matter over the Arkansian man disposed of the argument by asking, "What's a hawk's time worth anyhow?"

A fitting hen's time is proverbially of little value, though that matter depends upon the hen. But a woman's time ought to be worth something, even if her health and happiness be not taken into account. If a woman's time is worth twenty cents an hour, the lugging of water from the well or spring will in a year amount to the cost of piping a supply into the house. This is rather a low place on which to consider the matter, but it's worth thinking of in connection with such larger things as health, happiness, and a pleasant home.—Farm and Fireside.

COMMISSION SNUBS
DIRECTORS OF THE
NEW HAVEN

Washington, June 4.—George F. Baker, J. P. Morgan's successor, as the dominant factor in Wall street, and Lewis Cass Ledyard, attorney for Wall street interests, and both New Haven directors, were snubbed by the Commerce Commission this morning. They told Commissioner McCord at the opening of today that they were in Washington to testify and requested to be placed on the stand immediately. The Commission refused, saying the hearing will have to take its natural course.

Director Skinner continued his testimony this morning. He declared he knew nothing about the minutes of New Haven meetings which Folk charges are false. Said he was in Europe when they were made.

N. T. COBB IN FREE PORT, ILL.

N. T. Cobb is here from Dothan, Ala., where he is secretary of the Chamber of Commerce. Mr. Cobb has made good in his new position and is doing his share of pushing Dothan to the front. He likes the town and apparently it likes him.

The Chamber of Commerce has just issued an alluring folder, describing the attractions of Dothan as a place for homes and visitors. These activities Dothan is termed "a city of accomplishment," and "the metropolis of the Chattahoochee valley." The rapid growth of the city is outlined and some of the reasons therefor indicated. The folder is prefaced by a slogan devised by Mr. Cobb, "We do things in Dothan." Mr. Cobb takes the text for his discourse on the wonders of Dothan from Genesis 27:17, "I heard them say 'Let us go to Dothan.'"

Mr. Cobb will move his family in their new home on June 9 or 10. Health Cobb will accompany them as far as Cincinnati, and then go to the naval academy at Annapolis, where he has been ordered to report. Mr. and Mrs. Cobb will spend at day at the battlefield of Chickamauga, near Chattanooga. On this battlefield are eight monuments bearing the names of Gen. Atkins, Mrs. Cobb's father. They mark the position of his command at various stages of the battle.—Free Port, Bulletin.

Couple Are Married
During a Storm

Storms may come and storms may go but the weather man is powerless when coping against the God of Love as was indicated when Chief W. U. Acree of the probate court performed a marriage ceremony last night, while the storm howled at its worst.

June, the month noted for its weddings, is maintaining its precedence in Dothan as well as elsewhere, and Dan Cupid is never worried by an small obstacle as a storm.

About 8 o'clock last night, Chief Clerk Acree ordered a carriage and drove to the residence North Apple street, where he married Miss Addie Hall and Mr. J. W. Vaughn, members of the family and several friends being present.

"THE GOOD OLD DAYS"

The Good Old Days. How often do we hear those words?

Nothing in them either.

We are not as old as some but much older than others but we have never believed that there were better days than we are now having.

When a man passes sixty or sixty-five, he begins to tell you of the times when he was young and how much better people were, and how much better time people had.

They have merely forgotten. They had their troubles. They had dishonest people, as history records since the world began. We will all ways have them, probably.

Most old people think the coming race will not live as long as other generations, and yet, we know, that people are living longer than they ever have unless it was during a period of ancient history when people were mighty scarce and the earth greatly needed populating.

People are living longer because they know about how to use sanitary measures they know more about dieting, exercising, fresh air, and a hundred other things. The average high school pupil knows more hygiene than the doctors did a few centuries ago.

Old time law books show how foolish some of our forefathers were. Back in the New England States there are rights for travelers to see, that show how foolish some people were, even a hundred or so years ago. They just knew in their own mind there were witches and there was no help for it till progress came along and civilized them.

Many think that generations in the past had more knowledge about everything than we do. And yet, the writers of ancient history thought that if you started east, west, south or north, and kept going you would come to a jump of off place. They had no idea the world was round. They didn't know where the sun went at night nor where the moon and stars stayed a day time. Probably they thought but little of it.

That's why 'A Connecticut Yankee in King Arthur's Court' is so interesting. You could have dropped him down in any of our civilized countries several hundred years after King Arthur's time and he would have created just as much trouble and astonishment among the powers.

We have a way of thinking that is fast better than a boy. Nothing to that, either. The difference is, we don't have the appetite we did when a boy. The appetite would come if we took the exercise the boy takes.

There were no good old days. The best days are right now. The best days a thousand years ago was at that time. Every generation has the best time, and the least trouble and worry. It was probably cut

out of the past. It was dead at birth.

I have just read that the Montgomery Times says that the boys in the trenches do the work but the fellows behind the stumps get the office. Tusculoo News.

The people of this district have already seen the game of politics played with a stacked deck. They probably realize that out of all of Jack Clayton's close kin and close friends nearly every one was taken care of except Josh Spright's secretary. The hand of a skillful politician was behind his nomination without saying anything to the voters about it. Spright is a bright young man hardly thirty and deserves a better start in politics but the people are to be considered. When they realize that something was put over on them without their knowledge, or consent they will rebel. They will vote for Oscar Mulvey, not against Josh Spright.

Make the Farm Pay

First of all, the farmer must be a *business man*.

Farming is manufacturing food and food products and the farm and farm equipment constitute the *plant*. Competition is keen and it requires business methods to make money. The parcel post has opened the way to wider markets. Rural telephones, trolleys and mail delivery have brought unlimited opportunity for doing business.

A PRETTY GOOD WORLD.

This world's a pretty good sort of world.

Taking it altogether.

In spite of the grief and sorrow we meet

In spite of the gloomy weather There are friends to love and hopes to cheer.

And plenty of compensation For every ache for those who make

The best of the situation.

There are quiet nooks for lovers of books

With nature in happy union;

There are cool retreats from the noontide heat.

Where souls may have sweet communion;

And if there's a spot where the sun shines not

There's always a lamp to light it

And if there's a wrong we know ere long

That Heaven above will right it.

So it's no use to make a fuss

Because of life's and mischances Nor to wear ourselves out to bring about

A change in our circumstances

For this world's a pretty good sort of world.

And he to whom we are debtor.

Appoints the place, and supplies the

grace

To help make us better.

—Tid Bits.

COUCH-WHITE—

The following invitations have been received by friends here:

"Mr. and Mrs. Hiram Cheney White invite you to be present at the marriage of their daughter, Margaret Helen to Mr. James Joshua Couch, on Wednesday afternoon, June the twenty-fourth at 2 o'clock, at the Methodist Episcopal church, Troy, Ala."

DANCE

POSTPONED—

The dance that Mrs. Marvey Harrison was to have given in compliment to her guest Miss Lowder on Wednesday evening, was postponed on account of the inclement weather.

PERSONALS—

Mrs. J. Ray Jones has returned from a visit to relatives in Columbus, Ga. While there she was the honored at many delightful affairs. Mrs. Jones was accompanied home by her niece, Miss Adel Hunt.

WOMAN COULD NOT SIT UP

Now Does Her Own Work.
Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedy a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks as healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. IENA ROWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., 222 Central Bldg., Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MARRIAGE MR. RICHARDSON

AND MISS ANDERSON—

"June, the month of brides and roses," has been selected by six Montgomery girls for their weddings and on Wednesday several marriages of unusual interest were solemnized. At 7:30 o'clock at the First Baptist church a beautiful wedding took place when Miss Della Anderson became the bride of Dr. John Edward Richardson, of Corbin, Ky. The church was artistically decorated with palms and ferns and the altar was banked with green. Here and there baskets of white lilies were used. Before the ceremony the members of the Treble Clef Club of which the bride is a member, sang the chorus from the tones Malden. Mr. G. Guy Smith sang "At Dawning" by Cadman. The organ was presided over by Mrs. J. C. Haygood who played Mendelssohn's wedding march for the entrance of the bridal party. Four little girls, Misses Mary and Elizabeth Farmer of Dothan; Sara Lee Plerce of Union Springs, and Mary Houghton, entered first. They wore frocks of white lace over blue with blue ribbons and carried broad satin ribbons with which they formed an aisle. The ushers were Mr. J. W. Vardaman, Dr. A. C. Kilpatrick, Mr. C. M. Thornton, of Union Springs and Mr. Robert Arrington.

Miss Mary Boyd Williams was the only bridesmaid. She wore a gown of white lace combined with yellow taffeta and carried a shower bouquet of anemone daisies.

Mrs. A. C. Kirkpatrick sister of the bride, was matron of honor, taking the place of maid of honor. She also wore a gown of white lace and yellow taffeta and carried a bouquet of anemone daisies. Just preceding the bride little Miss Adeline Houghton entered carrying the ring on a silver tray. She was accompanied by Miss Miriam Arrington who carried a basket of daisies. They wore frocks of white lace over blue with ribbons.

The bride entered with her brother, Mr. W. L. Anderson, by whom she was given in marriage. She wore an exquisite lace robe, draped with broadened crepe de chine, and her veil was arranged with orange blossoms. Her only ornament was a diamond and pearl lavallier, the gift of Dr. Richardson and she carried a shower bouquet of brides roses and lilies of the valley. They were met at the altar by Dr. Richardson and his best man, Mr. James Downing of Corbin, Ky. The ceremony was performed by Dr. Charles Stakely and the ring service was used. As the wedding party left the church the Treble Clef Club sang the chorus from Lo-hengren.

Dr. and Mrs. Richardson left at 8 o'clock for Washington and New York. The bride's going away gown was a suit of green cloth and her hat was of green straw trimmed in French flowers.

After several weeks they will return to Corbin, Ky., and will go immediately to housekeeping.

The bride is an attractive girl, and is a talented musician. She also possesses a pretty voice. She has a large circle of friends who wish for her every happiness but who regret that her marriage will take her to another city to make her home.

Dr. Richardson is a successful dentist of Corbin and is prominent in the business and social life of that city. He has a host of friends who will welcome his bride most cordially.—Montgomery Advertiser.

What Alabama Needs
Is More Farming
And Less Politics

Every man in the state helped pay last year's bill of \$150,000,000 for imported foods and forage crops. Joseph O. Thompson, president of the Alabama Land Congress, says that Alabama could have produced almost every dollar's worth of those foodstuffs—and made a profit on the job!

It's high time for every Alabamian to awake to these vital facts. What progressive farmers, business men and officials have already done, and what they are planning to do to put this \$150,000,000 on the credit side of Alabama's ledger is told in the article,

HUSBAND RESCUED
DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Cañon, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak, I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without it tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

THE TRUTH about PAINT

The value of paint can only be measured by the length of satisfactory service it gives. A building painted with Keg Lead and Oil Hand-mixed Paint or ordinary ready-mixed paint never looks well, and the results from this class of paint are never satisfactory.

In a short while your property will look as if it had not been painted for years.

To use cheap paint is a waste of both paint and labor.

Don't waste your money on unknown, untested brands.

Remember, painting is an investment, not an expense—therefore use the paint that stood the test of time—

"The Kind That Lasts" **MASTIC PAINT** "The Kind That Lasts"

It is the product of more than forty years' experience, and is guaranteed by the makers, Pease-Caulbert Co., Louisville, Ky.

Mastic Paint is made of pure White Lead, re-inforced with Zinc Oxide in the correct proportions, and pure Linseed Oil. The formula appears on every can.

Mastic Paint covers more surface, lasts longer, looks better, and is more economical than any other paint. It assures 100% results.

FREE Ask for beautifully illustrated book "Homes and How to Paint Them," also color card, showing 45 color combinations.

By all means specify Mastic Paint, and your home will look attractive for years to come.

Machine-Made
Paint is Superior

for the same reason that makes
One Piece of Cloth Better than Another

They are of the same material—why is one better? Compare a piece of linen cloth and a piece of coffee sack—both are made of flax. One protects thoroughly, the other does not.

To produce a PROPERLY PROPORTIONED and THOROUGHLY COMBINED paint, the skill of an expert paintmaker operating heavy, expensive machinery is necessary.

Lowe Brothers "High Standard" Liquid Paint (ready for use) is an unequalled machine-made paint. It is the product of a third of a century's scientific and practical tests and attention to detail. It spreads farther, covers better, wears longer than other paints, will not crack, crack or peel if properly applied and every can contains full U.S. Standard measure of paint.

A Lowe Brothers Paint, Enamel, Stain or Varnish for every purpose.

of may. That man has not had to just rain a little. We are not suffering money up to this time. He is suffering seriously for rain, though asked for about half the amount he has been borrowing in previous years. He has heretofore called for it earlier in the year.

"This proves two things. He grew more home supplies last year and has absorbed the moral of the boll weevil. The boll weevil should frighten the farmers thoroughly.

"The condition presented by the negro shows about the average condition of this community. We are not disposed to lead quite as much money on farm and crop security as in previous years. The farmers are meeting that conservative disposition by not needing so much. It is a happy condition and one that will work out to the ultimate good of all business interests involved.

"We expect the shock of the boll weevil to last for about two seasons, when the people will have adjusted themselves to the new conditions and will be really more prosperous.

"I am well pleased with the outlook. The farmers, merchants and bankers are in better shape for the boll weevil in this section than they appear to be in other communities I have heard from."

J. F. Glass, President of the Farmers Bank, had just come in from the cotton oil mill in which he is interested.

"The boll weevil will hurt the cotton seed oil business," he began with a twinkle in his eye. "I am interested in the manufacture of oil. I expect to get stung in that department. I cannot see, however, that any other line of business will be seriously damaged. In fact, I believe farmers, bankers, and merchants will be in much better shape after the first shock of the invasion has passed.

"We are making loans, mainly because the farmers are demanding less. They are in better shape themselves. They have been growing more corn, hay and cattle. When a farmer grows these things he needs less money for the purchase of supplies."

Val Taylor, President of the Canebrake Loan and Trust Company, opened the conversation by telling a funny story. Val is chuckleful of good stories and has the happy faculty of telling them well.

When finally planked down to the subject, though with some reluctance on my part, he tilted his chair a little further back and said: "Oh, we're all right, if it will

farm and fire. The boll weevil will do considerable damage to cotton, but we are not planting cotton exclusively. You can see for yourself that we are prepared for the bugle. The hundreds and hundreds of acres of corn, alfalfa, and other food crops all over this section is the bulwark behind which our farmers are prepared to fight the enemy. And we will win."

USE THE DEMONSTRATOR

The county farm demonstrator is rather a busy man if he does all he might do. Here are some of these things as shown by experience. He keeps lots of second-hand machinery which farmers desire to sell or trade. He keeps a record of farmers who have live stock or seeds for sale, or who wish to buy these things. In Seward county, Nebraska, the demonstrator had at one time several thousand bushels of alfalfa seed listed, and the Thurston county demonstrator knew where several hundred bushels of seed corn were to be had just before planting time. In his rounds, the demonstrator visits the schools and helps the teacher in her work of bringing schools into relation with life. He acts as a go-between for farmers who have the same crops and wish to sell in a club or organization rather than individually.

He suggests crops which might be so grown and shipped. He looks after the matter of the home marketing of fertilizers, and knows where the ingredients may be bought. He finds enough farmers who want fertilizers to make a car lot. Sometimes he runs a little demonstration farm, and he nearly always has some demonstrations going forward on the farms of others. Gradually the farm demonstrator will come to be recognized as the greatest possible aid to the teachers and the county superintendent. The teaching of agriculture from books is a very poor substitute for the real study of the book of nature. The demonstrator should have the expert knowledge which teachers and superintendents are likely to lack, and if he does not place it at the disposal of the schools he will not be living up to his opportunities.

ADVICE IS CHEAP

But listen, young friend, how about the advice of such men as Henry Ward Beecher, Horace Mann and Hon. Wm. Pluckney White, ex-Governor of Maryland? Henry Ward Beecher says: "Whatever occupation you may choose as your life work, the first step is to secure a practical business education; by all means attend a good business college." Horace Mann says: "Education is capital from which a profit may be derived in subsequent life; it will pay an annual income without expense for insurance, repairs or taxes; riches have wings, a good education is a most lasting resource." Governor White says: "It is the business knowledge obtained in the business college that is so important today; no man can succeed who is not systematic; it is a rare exception that a man who has not equipped himself with a business knowledge ever succeeds in life."

"Young friends, you are living in a business age; at business you must make your living, so why try to go through life without obtaining a thorough business training? The business world today is holding out greater inducements to our young men and women than ever before. Young woman, you will receive what you are prepared to earn; a washer-woman gets a washer-woman's wages and a washer-woman's social position thrown in. A business education in youth rescues many a woman from the wash tub in age, and enables the widow to feed her starving children. Latin and Greek may be forgotten; the business course can be used always and everywhere; it is a treasure secure from moth and rust, a safeguard against adversity, and its culture value surpasses any other of equal length.
